

Key Vocabulary: Level A

Trees are made of lots of different parts. Draw a line from the vocabulary word to its definition. The first one has been done for you.

Roots

the flat green part of a plant that grows from a stem or branch

Cone

the parts of a plant that grow underground

Leaf

the outer covering of a tree

Flower

a small, dry fruit with a hard shell that grows on some trees and other plants

Bark

the hard, woody part of a pine or fir tree that holds its seeds

Nut

the part of a plant that makes seeds or fruit
