

# The Life of a Tree

Pretend you are a reporter who has been assigned to write an article about the life of a tree. In your article, you must include:

- At least three different plants or animals that interact with the tree.
- Details about how each plant or animal interacts

with the tree, like how it depends on or affects the tree.

- What happens to the tree over time, from its early life to the stage at which it is a decaying log.

Add your notes to the table below. Then use them to write your article. Be creative!

<b>Plants/ Animals</b>	
<b>Interactions</b>	
<b>Your Tree over Time</b>
