

Reducing Our Class's Carbon Footprint

1 Using the T-chart below, list classroom areas on the left and any related actions that could affect the the class's carbon footprint on the right. See examples below.

Classroom Area	Action
<p>Doorway light switch</p> <p>Window bay</p>	<p>Turning overhead lights on and off</p> <p>Opening/closing windows to regulate temperature</p> 

2 Which action do you think your class should follow?

3 What area does this plan address?

Reducing Our Class's Carbon Footprint

4 What things might make it difficult to implement the plan and how can you address them?

- _____

- _____

- _____

5 If this plan is chosen by the class, how do you plan on implementing it? Describe your plan in 5 steps or fewer.

Step 1: _____

Step 2: _____

Step 3: _____

Step 4: _____

Step 5: _____
