

# Comparing Habitats

Visit another habitat and compare it with the habitat around your adopted tree. What is the same and what is different about the two habitats? Write the name of the second habitat in the space below. Then, write your observations in the correct places in the diagram.

What is different about *Habitat 1*?

**Habitat 1:**  
Around My  
Adopted Tree

What is the same for both *Habitat 1* and *Habitat 2*?

**Habitat 2:**

What is different about *Habitat 2*?
