

Performance Assessment Sample Rubric

TEACHER PAGE

Use a rubric, such as the example provided below, to evaluate students' ability to demonstrate Level C performance expectations.

	4 Points	3 Points	2 Points	1 Point	Total
Construction of table	Table is accurately constructed and labeled.	Table is mostly accurate with a minor error in construction or labeling.	Table has more than one minor error in construction or labeling.	Table has significant errors in construction and labeling.	
Comparisons	Student has provided at least 6 similarities and 6 differences between the two habitats.	Student has provided at least 4 similarities and 4 differences between the two habitats.	Student has provided at least 2 similarities and 2 differences between the two habitats.	Student has provided fewer than 2 similarities or differences between the two habitats.	
Quality of comparisons	A variety of similarities and differences are noted in habitat (food, water, shelter, and space) and species.	Some similarities and differences are noted in habitat (food, water, shelter, and space) and species.	Few similarities and differences are noted, or are superficial, with little comparison of habitat or species.	Similarities and differences are either not noted or are incorrect.
